

Application No. 10/007,733

3 of 3

Response dated 9 May 2005

Responsive to Notice Of Drawing Inconsistency With Specification mailed on 26 April 2005

REMARKS**Amendment to the Description**

The Notice Of Drawing Inconsistency With Specification mailed on 26 April 2005 stated that Figures 3-11 are contained in the Drawings but not listed in the Brief Description of the Drawings in the specification of the subject Application. The referenced figures were required by the Examiner to be added. Therefore, the specification has been amended in this Response to add a brief description of each of these figures.

It is requested that the above Amendment to the Description be entered and that the subject Application proceed to issue.

Respectfully submitted,

By: Michael P. Hayden

AMENDMENT TO THE DESCRIPTION

Please add the following descriptions of added Figures 3 through 11 to the BRIEF DESCRIPTION OF THE DRAWINGS section beginning on page 2 at line 21 of the application as originally filed, by inserting the following new lines after line 25.

Figure 3 shows a flow chart for a urinary continence training method of the present invention.

Figure 4 shows a flow chart for a urinary continence training method of the present invention.

Figure 5 shows a flow chart for a urinary continence training method of the present invention.

Figure 6 shows a flow chart for a urinary continence training method of the present invention.

Figure 7 shows a flow chart for a urinary continence training method of the present invention.

Figure 8 shows a flow chart for a urinary continence training method of the present invention.

Figure 9 shows a flow chart for a urinary continence training method of the present invention.

Figure 10 shows a flow chart for a urinary continence training method of the present invention.

Figure 11 shows a package containing a bladder monitor and instructions.
